### Documents created by Dr. Ross:

**Active Supervision PowerPoint:** This document outlines what active supervision looks like in a campus.

**School-wide guidelines for success, expectations and procedures:** an example of what another middle school in Austin used. This document outlines students and adults expectations and procedures.

**Classroom Management:** This is a sample of a management plan for a middle school classroom that includes students' expectations, rewards, and corrective actions, as well as response protocols.

**Classroom Expectations posters:** These posters are an example of what is used in the classroom to highlight expectations and procedures.
